Appledene Alpacas

We care for some 50 alpacas at our premises in the beautiful Weald of Kent, where they enjoy the freedom of their fields. They are all individual characters and are fascinating animals to watch – come and meet them at one of our open days.

Open days

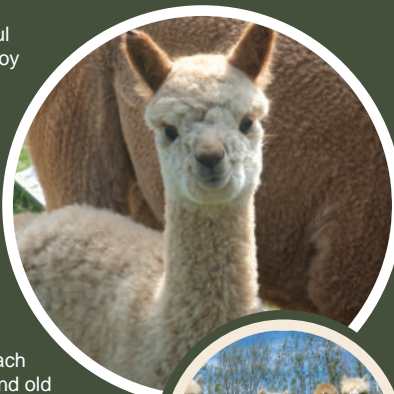

We hold several open days each year in aid of charity. Young and old alike enjoy getting close to the alpacas and learning more about their habits and needs. We usually demonstrate spinning and other crafts, as well as serving refreshments and selling our range of alpaca products.

Please see our website for our open day dates, as well as details of the fairs we will be exhibiting at.

Other services

Our alpaca expertise and experience is made available through a range of services that we provide. As well as breeding and rearing alpacas for sale, we offer shearing and stud services and we take great pride in the success we have achieved in showing our alpacas in competitions.

We also provide training in the care of alpacas, from taster days to comprehensive husbandry courses.
