...just add children!

The affordable way to the new National Curriculum

With subjects already converted into simple learning outcomes, progressive planning is easier

An imaginative, online planning tool, the Creative Learning Journey is proven to raise standards by engaging pupils in exciting, cross-curricular activities.

- Automatically tracks coverage
- Cross-matches NC and learning outcomes
- Makes assessment simple
- Allows the creation of original topics
- Gives access to a library of pre-planned topics

The Creative Learning Journey™
